

How Our Parents View Us

Great School!!

My first born started in 2001,
My second born in 2004 and
my last born in 201-present. I
Love #ITAV (Mother of a 4-
year old)

“I was skeptical about putting
my baby (1 year old) in a
preschool, but she loves it! On
the days that I drop her off, I
watch her through the glass
windows. She blends right in
with her little classmates. The
class has a lot of space, too.”
(Parent of a 1-year old)

“My daughter likes this
school and I like the
activities. She paints, writes
and is beginning to know the
letters of her name. She goes
“Look Mommy! That’s an
“A”.
(Parent of a 3-year old)

The staff is friendly and
professional. The children
are well cared for and happy
to be there. My son enjoys
the program and loves his
teachers. I would definitely
recommend this school to
others. (Mother of a 4-year
old)

My son has been here since he was in the Tots Classroom. This year, he is in a PreK-4 classroom. Each year since he has been in It Takes A Village, I have watched him grow, learn and flourish. He has become independent, can recognize letters, colors, shapes and patterns. Most importantly, he loves the school, his classroom and his teachers. When he comes home, all he talks about are his classmates and working in the Block Area at Work Time” - (Parent of a 4-year old)
